

Internship Opportunities

Utah Geological Survey

Geologic Hazards Program

Internships for U of U geography students

Geography Intern duties will include: Locating aerial photos using ArcGIS Pro or other GIS software for the Utah Aerial Imagery Database (<https://imagery.geology.utah.gov>) and entering metadata for the photo collection to a spreadsheet or geodatabase. Nearly all duties can be performed remotely. The internship is with the Utah Geological Survey (UGS) and coordinated through the University of Utah College of Social & Behavioral Science. The UGS will select candidates and provide the work and training. Jacqueline Broida, Associate Director, Internship Programming will be coordinating the internship.

For more information please contact Jacqueline at jacqueline.broida@utah.edu or Elizabeth Williams at elizabethwilliams@utah.gov.
